## DETAILED ACTION

### *Election/Restrictions*

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-25, drawn to an aldehyde of formula IA-IAiv, classified in class 568, subclass 497.
- II. Claims 26-28, drawn to an aldehyde of formula IC, classified in class 564, subclass 123+.
- III. Claims 29-31, drawn to compounds, classified in class 568, subclass 497.
- IV. Claim 32, drawn to a compound, classified in class 564, subclass 152.
- V. Claim 33, drawn to a compound, classified in class 568, subclass 613.
- VI. Claims 34-50, 64-68, and 70-72, drawn to compounds 564, classified in class 564, subclass 123+.
- VII. Claims 51 and 52, drawn to a conjugate of formula III-C, classified in class 564, subclass 152+.
- VIII. Claims 53-55, drawn to a conjugate of formula III-D, classified in class 564, subclass 505.
- IX. Claims 73 and 74, drawn to a compound, classified in class 564, subclass 502+.

The inventions are distinct, each from the other because of the following reasons:

Art Unit: 1621

The inventions of groups I-IX are drawn to patentably distinct compounds. Accordingly, there is no patentable co-action among the groups; a reference anticipating one member or group would not render the other(s) obvious.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, and divergent subject matter, restriction for examination purposes as indicated is proper.

A telephone call was made to applicants' representative, William Epstein on July 20, 2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sikarl A. Witherspoon whose telephone number is 571-272-0649. The examiner can normally be reached on M-F 8:30-6:30.
